Rural Utilities Service

TITLE: Broadband Grant Program

OMB CONTROL NUMBER: 0572-0127

SUMMARY OF COLLECTION: Congress has recognized the need to facilitate the deployment of broadband service to un-served rural areas. The provision to broadband transmission service is vital to the economic development, education, health, and safety of rural Americans.

The Consolidated Appropriations Act, 2004 (Title III, P.L. 108-199, Stat.3), 7 CFR 1739 Subpart A, as amended, authorizes the Rural Development, Rural Utilities Service (RUS) to administer the Community Connect Grant Program for the provision of broadband transmission service in rural America. Grant authority is utilized to deploy broadband infrastructure to extremely rural, lower income communities on a “community-oriented connectivity” basis.

NEED AND USE OF THE INFORMATION: RUS gives priority to rural areas that it believes have the greatest need for broadband transmission services. This broadband access is intended to promote economic development and provide enhanced educational and health care opportunities. RUS will provide financial assistance to eligible entities that are proposing to deploy broadband transmission service in rural communities where such service does not currently exist and who will connect the critical community facilities including the local schools, libraries, hospitals, police, fire and rescue services and who will operate a community center that provides free and open access to residents.
